Brainy's Logic Puzzles : Brainy's Logic Puzzles Hard Wordoku #1 200 Puzzles (Volume 1) before purchasing it in order to gage whether or not it would be worth my time, and all praised Brainy's Logic Puzzles Hard Wordoku #1 200 Puzzles (Volume 1):

1 of 1 people found the following review helpful. DisappointedBy MoongypsyDoesn't have words. NOT Wordoku. It should be called Letteroku. Has only letters in alphabetical order. No secret word upon solving. Huge disappointment. I should have looked at the cover and not trusted the title.

Alpha Sudoku is a fun and interesting change to the classic Sudoku puzzles. The object is to write LETTERS from A to I into the cells of the 9x9 grid, so that each LETTER occurs exactly once in each row, in each column, and in each

region.
