But since brevity has never been a strength of mine, I'll continue. Of everything I've come across, including "Story" by Robert McKee, this book trumps them all. It packs the informative punch of a textbook, yet it's as readable as a Stephen King thriller for those seriously looking to learn the craft. Have your highlighter in hand. Dog ear a few pages. UTILIZE EVERY SUGGESTED EXERCISE. Watch the recommended films (frankly though, if you haven't already seen most of them then why are you looking to write a movie?). Read this book once, twice, ten times. This book will not make just anybody the next Aaron Sorkin, but if you're patient enough and actually want to teach yourself something, then this is the tool to use. My copy is torn and stained highlighted to high hell, but it's practically my bible when I get home at night after my day job to take just a few more short steps towards my dream...0 of 0 people found the following review helpful. I recommend this as the second book to read, after Irwin Blacker's The Elements of Screenwriting, for any serious, beginning screenwriter. Other books are by Robert McKee, Christopher Vogler, Dara Marks, Ronald Tobias, and a few others.0 of 0 people found the following review helpful. Worth buyingBy Peter William GreerExcellent book.
