James S. Kauder : Bridge Philosopher 4 (Volume 4) before purchasing it in order to gage whether or not it would be worth my time, and all praised Bridge Philosopher 4 (Volume 4):

0 of 0 people found the following review helpful. Five StarsBy James S. KauderGOOD BRIDGE BOOK, IF I DO SAY SO MYSELF

Surprise! Yet again that old curmudgeon, the Bridge Philosopher, is back. This fourth book in the Bridge Philosopher Series, once again does a great job of explaining the art of dummy play. Contrary to the author's prediction, he has not

yet lost his memory, and certainly not his quick ability to analyze a bridge hand and amuse you in the process. His infamous wit will give you a glimpse into world affairs from the philosophical perspective you've come to know and love. From his wry thoughts about food stamps and other government issues, to his outright self-ridicule regarding his personal downfalls and family foibles, you will learn and laugh and since none of us know how long we have, that's a good thing.
