Conceptis Puzzles : Brown Belt Kakuro: 150 Puzzles (Martial Arts Puzzles) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Brown Belt Kakuro: 150 Puzzles (Martial Arts Puzzles):

1 of 1 people found the following review helpful. My mental math teacherBy Susan GemmI love Kakuro Puzzles. besides that, I've realized that my mental math ability is not as it used to be back in my school days. It's not that of a problem, but do I like to know that I can work things out in my head, eventhough it's not so necessary nowadays. I bought this to refresh my mental math, and I can see results already. the puzzles are big enough, not like the ones that

you finish before starting them... This little book occupies your entire mind leaving no space for any scary thoughts that creep into your head late at night, and won't let you sleep..0 of 0 people found the following review helpful. Five StarsBy Pat B. in the MissionI love this type of puzzle, and hope they strengthen my brain0 of 0 people found the following review helpful. Fine puzzles for experienced kakuro martial artistsBy Dusty KeyboardFun moderately challenging puzzles. They're both larger in grid size and harder to solve than kakuro puzzles typically found in variety puzzle books. The book is a handy size and has good quality paper for your favorite pen, pencil, marker or whatever you use to fill these out.

Kakuro are language-free number puzzles that use pure logic and require just simple arithmetic to solve. This book contains 150 kakuros. It takes cue from the belt colors in martial arts: white is for novices, green for intermediates, brown for very accomplished players, and black for those consummate experts who crave a challenge.

"'Sudoku was great, kakuro is better' The Guardian"
