Michael Lummis : Build, Discover, Survive! Mastering Minecraft, Revised and Expanded before purchasing it in order to gage whether or not it would be worth my time, and all praised Build, Discover, Survive! Mastering Minecraft, Revised and Expanded:

1 of 1 people found the following review helpful. A nice book to have at hand while playing Minecraft. By FifeBuild, Discover, ... covers all the basics and moves beyond many of the advanced aspects of Minecraft. You can likely find everything on the internet; however, having it all collected and bound for quick reference is very nice at hand. 0 of 0 people found the following review helpful. gave it to our son for his 8th birthday and ... By MK13 gave it to our son for his 8th birthday and he absolutely loves it! This is a kid who despises reading and he takes it with him anywhere he goes, even to bed! So from us all thumbs up! 0 of 0 people found the following review helpful. Great guide book that covers the updated info from the ... By cyntori Great guide book that covers the updated info from the Mojang game updates but it came creased and bent corners. The packaging didn't protect it very well.
