BradyGames : Build, Discover, Survive! Mastering Minecraft Strategy Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Build, Discover, Survive! Mastering Minecraft Strategy Guide:

2 of 2 people found the following review helpful. Great for learning Minecraft (especially for kids) By Joseph N. I love minecraft, and I decided to buy this for my girlfriend's little cousin who is 7 years old. He never really had an

understanding of how to play or what to do or how to do it. With this book he basically can do anything he wants and it helps him find ways to do stuff that isn't in the book. Pulling out a physical book, to me, is always more helpful than looking online. Also, since he's just 7, it's a nice way for him to learn how to use a glossary and learn how to locate specific things, which I think could be useful for him later on. 1 of 1 people found the following review helpful. One of the best Minecraft books out there. By RedmondIvy Purchased for my eight year old boy. Loves it. His older brother 11 and him were reading it together and said there is alot more information in this book then they've seen anywhere. Very detailed, thick and alot of great info. 0 of 0 people found the following review helpful. must have to be able to play this game without ... By Patricia Arruda must have to be able to play this game without getting frustrated by not knowing how to get things done in the game!
