review helpful. Entertaining, informative, delightfulBy FrisbeeAs a fan of anything and everything Dita, I had to get this book, and I'm so glad I did! Strongly recommend it. It's not just for Dita fans, and not just for people interested in Burlesque. She discusses the history of Burlesque and Fetishes, she shares personal stories and influences. It's filled with some of the most beautiful and stunning photographs imaginable. It's a picturesque trip through history as illustrated, and written, by Dita. She also has great tips on etiquette and behaviour, she discusses all sorts of fashion. It's not a biography about Dita Von Teese. It's an expansive and thorough book, artistically displayed. For those who are curious, there is nothing "offensive" in her book, not in the least. The entire book is quite tastefully presented, articulately written, beautifully photographed. It's a large book, and it has a permanent place on my bookshelf. I have read it several times cover to cover, and will continue to. In fact I still pull it out. She expresses grace and gratitude.1 of 1 people found the following review helpful. On a magical tour with Dita Von Teese into the world of burlesque!By Lynn MooreAn amazing look into the history of burlesque with all the bubbly and lovely personality of Dita. This book was a fun and complete exploration into the world of burlesque then and now. I also loved the in depth look at Dita's story and inside look into her shows.

On one side, Dita Von Teese shares the beauty of the burlesque world, with bubblegum dreams and show tunes to strip to. Flip over for fantasies in fetish with dramatic costumes and the allure of submission.Burlesque and the Art of the Teese"I advocate glamour. Every day. Every minute." I'm a good dancer and a nice girl, but I'm a great showgirl. I sell, in a word, magic. Burlesque is a world of illusion and dreams and of course, the striptease. Whether I am bathing in my martini glass, riding my sparkling carousel horse, or emerging from my giant gold powder compact, I live out my most glamorous fantasies by bringing nostalgic imagery to life. Let me show you my world of gorgeous pin-ups, tantalizing stripteases, and femmes fatales. I'll give you a glimpse into my life, but a lady never reveals all.Fetish and the Art of the TeeseYou may have come for the fetish. Or you may just be sneaking a peek at this mysterious and peculiar other side. No matter what you've come for, there is something for you to indulge in.My world of fetish may not be the one that you would expect. As a burlesque performer, I entice my audience, bringing their minds closer and closer to sex and then -- as good temptress must -- snatching it away. As a fetish star, I apply the same techniques. . . . An opera-length kid leather glove, a strict wasp waist, an impossibly high patent leather heel, a severely painted red lip. . . . Come with me into my world of decadent fetishism.
