BradyGames : Call of Duty: Ghosts Limited Edition Strategy Guide before purchasing it in order to gauge whether or not it would be worth my time, and all praised Call of Duty: Ghosts Limited Edition Strategy Guide:

1 of 1 people found the following review helpful. Nice collectors bookBy DThe book falls a little short of my expectations I suppose.On The Plus: the book does have a nice layout, full color, great graphics, and nice display of the maps, and will very much help with strategy. The hardcover is nice and sleek.One The Down: the two patches that

come with the book are much smaller than expected, and I feel the book will quickly be outdated when the new map-packs become available... for some reason I thought ALL the maps were included in the book. Not sure why I thought that, but that's what I had envisioned nonetheless. Guess maybe why this is a "limited edition". For the price though, I can't complain. Overall, a nice book to have. :) 0 of 0 people found the following review helpful. Pretty decent amount of knowledge! By laryl I decided to get this book when my friends and I first started doing clan wars. We were three at first and added random people into our clan that sucked big time so we always lost ;_;. But when I received this, I thought it would be a strategic layout of routes and spots that the maps had and I was kind of wrong. It wasn't made to be layout like that for pros, much more for people who did not know how to start their classes and such. This is great for the campaign and multiplayer objective types, but it doesn't give out hints and such about how players might play. It's great though! I don't use it often but it is really useful for beginners :) 0 of 0 people found the following review helpful. Great for strategy, bad for art design By Brian Claire I bought this book hoping to start a video game art book collection, but was disappointed with how few storyboards and prototype art pieces there was. If you are thinking about buying this book purely for the strategy guide aspect, then you will be happy with your purchase. After purchasing other game's strategy guides and seeing a lot more art, I was a little disappointed by this book.

This Limited Edition BradyGames guide packs unmatched tactics and analysis with exclusive extras. Call of Duty: Ghosts Limited Edition Strategy Guide is the complete guide to the latest instalment in the Call of Duty series from Activision, available for mature gamers on all consoles. This Limited Edition includes a special hardbound cover with unique artwork and two amazing embroidered fabric patches recreating the Ghosts Team and Federation insignia, making this a must-have item for any Call of Duty fan! This guide provides a complete campaign walkthrough, including all Rorke File collectible locations. With in-depth coverage of all the new innovations, including the expanded character loadout system, Squads and the latest arsenal additions. You'll get exclusive, highly detailed single-player and multiplayer maps depicting every level that reveal weapon and ammo positions, collectible locations, and campaign and multiplayer objectives. Comprehensive multiplayer coverage details expert tactics from tournament pros for solo and team-based play, every game mode, including Cranked and Search Rescue, weapon analysis, perks, ranking up, challenges and kill streaks. Create-a-Soldier advice custom tailors your load-out for the game modes, maps, team roles, and play styles you want to master. Plus, there's achievement and trophy rosters, un-lockables, gripping artwork and more. The hallmark intensity of Call of Duty returns in an epic campaign that sees the US toppled from its superpower perch, plus a multiplayer experience with expanded gameplay features, high-tech weapons, new environments and enhanced modes of play. Gain the edge over your competition with the help of Call of Duty: Ghosts Limited Edition Strategy Guide from BradyGames.
