1 of 1 people found the following review helpful. the publishers ruined this wonderful book By Monica Chrich The concept and content of this book are amazing, however the publishers and printers have totally ruined it. The book is badly printed, and the whole book is in black and white although some of the illusion pictures only work in color. If

you google some of the images, it then only becomes apparent what the authors were trying to demonstrate. a 6th grade child with basic photoshop skills could have tidied up the images and would have made it a great book. I must compliment for the great effort they have made to resolve my disappointment, and the concern they have shown. 0 of 0 people found the following review helpful. good book By italiancousin This is a fun book for older kids to keep in the car for traveling or just for fun reading. We have enjoyed it 0 of 0 people found the following review helpful. We had to "replace" our lost copy .... By Reezy We somehow misplaced the first copy of this book which our grandson LOVED...so we bought this one especially for him. Thank you.
