This writer couldn't describe how to play a game if he tried. I've gone through a number of the games in the book and only been able to work out two. And that was because I've played them before. So it's ok if it's to remind you how to play a game, but not if the game's new to you

57 old and new games. All the favorites are here: Crazy Eights, Go Fish, Hearts, Gin Rummy, Canasta, Pinochle, and dozens more you'll want to try for the first time. Lots of variations on old classics.
