Good bookBy Frank P.I'm glad I purchased this book, I love card games and wanted to find other games besides Gin Rummy and Steal the Old Man's bundle, this was the answer to my search, it not only explained these games, but a lot more that I wanted to learn in an easy and concise manner, and it looked great on my Kindle Fire HD.0 of 0 people found the following review helpful. Marks Marks' easy style of writing makes this an easy read, and he explains (at a fairly high level) how these games are played. A good way to get to know some of the more popular card games.

If you have never played cards before, this book is the ideal introduction. Or if you have a basic idea of the rules of some games, it will help you extend your existing knowledge and add new games to your repertoire.
