Nicholas Einhorn : Card Magic before purchasing it in order to gage whether or not it would be worth my time, and all praised Card Magic:

The book begins with an introduction to magic, emphasizing the importance of keeping the secret and how to practise performing. It contains tricks for all levels of ability and experience and teaches how to use special gimmicks in combination with cards. Over 450 step-by-step color photographs show how each trick is done, both from the performer's and the audience's perspective.
