Mike Caro : Caro's Most Profitable Hold'em Advice before purchasing it in order to gage whether or not it would be worth my time, and all praised Caro's Most Profitable Hold'em Advice:

2 of 2 people found the following review helpful. An important reference book--this is where the charts are!By RiccardoI haven't even had a chance to do more than skim the text, but this is an incredibly valuable reference book because it has every kind of starting hand and probability chart imaginable, and some important discussion about why Caro's charts may differ from others based on simulations he's done. I've had trouble finding this material despite the

gigantic literature of poker books out there, so this one is a keeper...0 of 0 people found the following review helpful. Material is dated. By Zephrein Cochran The material is dated at this point. Mike Caro's best work was his tells book, and his chapter in Super System. And they've shown age at this point as well. 1 of 1 people found the following review helpful. Mike Caro at his best By Walter Clearly written and very enjoyable to read. Possibly the only hold'em book you'll ever need (read it, re-read it, and lots of practice). As another reviewer has pointed out, it's light on the math, but I don't believe math is that important (beyond knowing some basic percentages and probabilities). Character and rational thinking beat the math every time.

When Mike Caro writes a book on winning, the poker world takes notice. And it should: Caro is the world's foremost authority on poker theory and psychology, and his work has influenced every professional player including Doyle Brunson, who relies on Caro for all his writing. Caro's powerful advice covers every aspect of poker with a special emphasis on winning money at hold'em. Packed with psychology, advice on reading opponents, advanced moves, professional techniques, and much more, this includes special sections on internet poker and tournaments.

About the Author Mike Caro, the legendary "Mad Genius of Poker," is the world's foremost authority on poker strategy, psychology and statistics, and the author of many best-selling poker books including Caro's Book of Poker Tells. He is also a leading contributor to Doyle Brunson's Super System 1 and Super System 2.
