**Brian Van Flandern : Celebrity Cocktails (Connoisseur)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Celebrity Cocktails (Connoisseur):

0 of 0 people found the following review helpful. Wonderful recipes with interesting and fun celebrity anecdotes.By MBInteresting recipes and celebrity attributions for each recipe. It arrived shrink wrapped as described. Very attractive book with padded feel to front and back covers. One hand written recipe per page with full page photo opposite of finished drink in correct glass. Book is spiral bound which makes reading and preparing so nice and easy. The "1" looks like an upside down "v", the "4" looks live a 3/4 "W". I would say a companion book to "Vintage Cocktails". Each one a wonderful book to have.The recipes show many, many different brands of the alcohol ingredients so it

could be very expensive to have a well stocked bar for this book, but, the same can be said of other cocktail books as well. This would make a very attractive and interesting cocktail table book and a special and memorable gift. 0 of 0 people found the following review helpful. the quips are fun to read as well.
