By Melanie M.I purchased all 3 books in this series at the same time, but I wish that I had tried one first before buying the others. The quality just isn't there they all seem rather rushed and amateurish to me. This book is labeled as Advanced Level, but the puzzles in this book are all very comparable to the puzzles in the other books labeled Beginner Level and Superior Level. Here's what's included: *50 cryptograms that are all Bible verses. While the selection of verses is fine, the fill in lines don't line up at all with the cryptogram letters. This makes them really confusing to solve and I finally just gave up on them. This is also the case in another book in this series. *5 crossword puzzles, with themes that were simply fill in the blanks from verses. It would have been much better with at least some trivia type answers, as well as some creative word play. *40 Sudoku, with 3 numbers shaded in each puzzle to reference a chapter and verse. These are super simple puzzles, with a large number of the spaces already filled in for you. *25 word search puzzles, averaging about 20 words to find in each puzzle. I found these to be of a little better quality than the word search puzzles in the Great Puzzles From the Bible book in this series. *20 unscramble the word verses. For example, "My nos, do not efgort my aceghint, btu, eekp my acdmmnos in oruy aehrt" which is unscrambled to be "My son, do not forget my teaching, but keep my commands in your heart." It's too bad that a little more time and effort wasn't put into these puzzles, because it would have made a tremendous difference in the quality. 1 of 1 people found the following review helpful.
Disappointed
By cheluzal I like the topic, but the cryptogram letters were so close together, it was hard to tell where one word ended and another began. To make it worse, the lines underneath didn't even match up under the letter is represented. Squished words you have to count made me very unhappy. 0 of 0 people found the following review helpful. Five Stars
By angel11 I love this book you learn a lot about the bible
