By Mark Simmons
He's a great author and explains it really well. This is geared towards big money (10/20 PL+) games, not your typical home game scenario. He does a great job of explaining strategy and execution. I feel my game improved as a result.

OMAHA POKER LOVERS!!!
By William A. Haupt
This was NOT what I expected!! But, what it does do....gives you something to read...if you like reading...which I do NOT like reading.

Championship Omaha is the definitive guide to winning at all three Omaha poker games. You will learn the best strategies for winning at Omaha high-low, pot-limit Omaha, and high Omaha cash games and tournaments. The authors answer the most important questions that readers ask about these fast action Omaha games, including the best starting hands and how to win tournaments. Co-author Cloutier is the only player to win World Championships at the World Series of Poker in all three forms of Omaha. McEvoy won the high Omaha World Championship at the World Series of Poker in 1992. Also includes a few "road" stories from Cloutier

Tom and T.J. have put together a "super system" for winning at Omaha. -- Doyle Brunson, author of "Super/System" and two-time World Champion of Poker
