This was a nice read for someone who did not know a whole ...By JimmyThis was a nice read for someone who did not know a whole lot about the game chess and wants to become a master. This book gives tips, trick, and strategies to the game that allow you to accelerate your learning in the game. I would recommend this to anyone who is wanting to the master the game.1 of 1 people found the following review helpful. Thumbs up.By Hank T.I am not a fan of playing chess. Although there are times that i tried playing it with my brother who taught me to play it. Playing it can get you so much satisfaction after doing your moves that can make your opponent think harder as you did. You can really exercise your mind by playing this game board. The book is actually perfect for both beginner and for those who already playing chess. The books details are easy to follow so don't think that the game is only for the brainy. Set your game now.0 of 0 people found the following review helpful. This is a very easy read and it flows wellBy Carol SheanThis is a very easy read and it flows well. This chess book is very interesting and kept my attention. I really like how this book explained steps and broke things down to make chess much easier to understand and become better at. I would highly recommend this chess book to anyone who is brand-new I decent player and even someone who is a master player. I think everyone can pick up tips from this chess book. The game involves a lot of problem solving, and having a vision to complete a winning outcome. The first part of the book covers openings of the game. The second chapter goes into winning strategies. A great read to learn new ways to look at the game of chess.

Chess: Chess Mastery For Beginners is a well-rounded introduction to the principles guiding the playing of chess. From this book you will learn why chess is often referred to as the royal game. Moreover, you will see why many people consider it a game of the sharp minds; an elitist game. Even then, you will realize that a lot of the difficulties associated with the game are a matter of perception and not reality, and that you can also be a successful chess player if only you adhere to the basics.In this book, Chess: Chess Mastery For Beginners, you will learn: What, exactly, is involved in a game of chess The pieces that are used in chess and the historical significance of each How to handle each playing piece within the rules Where the game of chess originated and how old it is How the game of chess spread in the US Possible chess openings and the impact of each on winning How to plan and develop a winning strategy How to be tactical in order to secure a win Common mistakes to avoid Simple steps in teaching chess to a child Simple practical demonstrations of chess moves The essence of queening How to castle and the importance of castling Situations when castling is possible Meaning of an outpost square in chess How to utilize an outpost square on a chessboard Importance of trading pieces and circumstances when trading is viable Different terminologies used in chess and their meaning Possible chess closing moves How to handle your endgame successfully with just a few pieces The importance of utilizing your king to conquer in chess When to bring your king out into the chess playfield. How chess keeps you young and intuitive, and its positive impact on your IQ The meaning of Zugzwang and Zwischenzug and their significance in chess General dos and donts in chess Using the easy steps described in this book, you can easily join the league of master chess players.
