Yuri Averbakh : Chess Endings: Essential Knowledge before purchasing it in order to gage whether or not it would be worth my time, and all praised Chess Endings: Essential Knowledge:

2 of 2 people found the following review helpful. Read this first if you are a beginner By Jack Woehr This is the best modern short introduction to the Chess endgames I have found, have shared it with my students. 2 of 2 people found the following review helpful. Very complete, sometimes hard to follow without a board ... By Clark R Goldentyer Very complete, sometimes hard to follow without a board in front of you. Though I'm only a 17-1800 level player. 0 of 0 people found the following review helpful. Good book By haytham Good book I liked it, has good info about chess endings One of the best books and I recommend it to all chess players

By concentrating on the basic principles the average player is not only given a working knowledge of the endgame but also a firm foundation on which to further develop his or her interest and technique in this fascinating stage of a chess game. The author, a Russian Grandmaster and endgame expert, takes the reader from the most elementary checkmates, through the exploitation of positional and material advantage, right up to the analysis of actual endings from master play.

From the Back Cover By concentrating on the basic principles the average player is not only given a working knowledge of the endgame but also a firm foundation on which to further develop his or her interest and technique in this fascinating stage of a chess game. The author, a Russian Grandmaster and endgame expert, takes the reader from the most elementary checkmates, through the exploitation of positional and material advantage, right up to the analysis of actual endings from master play. (5 3/4 x 8 1/4, 116 pages, illustrations)
