**Brendon Ward : Chess: Tactics Openings To Dominate Your Opponent - Suitable For Beginners - Including Diagrams Images** before purchasing it in order to gage whether or not it would be worth my time, and all praised Chess: Tactics Openings To Dominate Your Opponent - Suitable For Beginners - Including Diagrams Images:

1 of 1 people found the following review helpful. Finally ended my losing streak!By MitchellI'm a fairly decent Chess player but every time I challenge any of my more experienced friends. I lose! I lose pretty bad as most of the times the game doesn't even look close. It's like they predict my moves and plan out some elaborate strategy to checkmate my king even if my queen still alive! Some of the defensive strategies mentioned in this book helped a whole lot! I finally won a game!Those diagrams in the book really helped a lot and there is plenty of other beginner-friendly chess info too!1 of 1 people found the following review helpful. Not a good bookBy CustomerI am sorry, but it is not a good book. You can find only some opinion from other books, web sites (wikipedia, youtube etc) without details. If you're looking some general information about the openings better search the internet by yourself. You will not find anything more in this book. I think even beginners should receive more than it is in this book.1 of 2 people found the following review helpful. Chess Strategies Even For the NewbieBy Crystal PetersoThis was easy to read, even for me, who is a beginner at Chess. This book jumped right in to special tactics that should be used as well as expert chess strategies. I was especially excited to read about the Caro-Kann Defense which I had trouble learning before this ebook. I did happen to read it twice, just to make sure everything was understood. I'll keep practicing and hopefully just get better and better! Probably the best thing about the ebook in my opinion was that it provided pictures of each move, very helpful!

So... You Want To Become A Chess Champion?! Let Me Show You The Way Regardless Of Your Currently Experience Or Lack Thereof These Sneaky Tactics Techniques Will Have You Obliterating Your Opponent Every Time "Chess is ninety-nine percent tactics" Most people claim to know how to 'play' chess, yet all they do is move around a few pieces on the board with no strategy in mind... this is where my book comes in handy - without any complex terminology that other self-proclaimed chess 'experts' preach I'm going to show you how I annihilate my opponents 99% of the time. Whether you're looking to play some casual games with your friends or your looking to step things up a notch and compete in a local league these chess tactics, openers and strategies will give you the competitive advantage you need to win.Sound Good?
