Michel Jacques : Choreology Basic before purchasing it in order to gage whether or not it would be worth my time, and all praised Choreology Basic:

Our hearts is so often burst with the fullness of treasured moment in time aswe continue on this exiting journey called life, to stop often and realize that God creates each of us with everything within to be happy and content, to be capable of inner wisdom in giving and receiving unconditionally, to count our blessing in every lovely sight to see. In the music from high to low whatleads the body to move and dance and becomes an inspiration toward keeping a healthy body and soul. Dancing has been a connecting golden thread between people of all countries. Dance has continued to

nourish our soul in the direction of happiness, good health, faith, and serenity. There is always and forever the joy of the music and dance.

About the Author In 1984, he ventured to the United States to pursue and further develop a career in film directing. He was invited to join the Arthur Murray Board of Ballroom Dance educators in its rigorous teaching training program. His career brought him in contact with the owner of one of the largest ballroom/nightclubs in South Florida, Kays Starlite Ballroom, Inc. in Hallandale Beach, Florida. Through his efforts at this establishment, Francois was instrumental in bringing the Haitian community together in celebration and demonstration of their ethnic and cultural unity. He began the development of a multicultural club organization that would embrace and bring together people of all ethnic backgrounds and offer the opportunity to exchange cultural diversity through the art of ballroom dancing. He successfully founded the New Millennium Ballroom College, its primary objective as the inclusion of dance as a fundamental part of education in the school system.
