**Aaron Williams : Clash of Clans: The Expansive Game Guide** before purchasing it in order to gage whether or not it would be worth my time, and all praised Clash of Clans: The Expansive Game Guide:

1 of 1 people found the following review helpful. Includes some good strategies for beginner to intermediate playersBy MSo, this isn't the best written or best organized book -- and I say that as a technical writer of software guides -- however, my 9-year-old son did find some value in it. Because it is not designed for children's ease-of-reading, I knew my son would never get through the book. He was going to crack it open once or twice and then never

look at it again. So to make sure we didn't waste \$4, I sat down and read him each tip, asking each time, "Do you already know that tactic?" If yes, we moved on, if no, I read him the details. He's been playing the game for over a year, so he's not a total newbie, and I was pleased to hear him say a few times, "Oh, that's a good idea! I'm going to try that." The author does a reasonable job of describing items and their purposes and some strategies for reaching different goals. One of the most useful sections in the book included descriptions of layouts that you can design to meet different goals, along with black and white images of the layouts. If you're buying this for your child, just go through it with them and they might find a few tips to improve their game and help them understand strategy and meet their goals. My son adds that the author "repeats a lot of stuff", but they say repetition is good for kids, right? ;) 0 of 0 people found the following review helpful. This isn't as bitchen as I'd like, but really good and best I could find. By Customer Its hard to find COC books. This isn't as bitchen as I'd like, but really good and best I could find. 0 of 0 people found the following review helpful. Helped me By Will I chose 4 stars because as a townhall 6, I found this book to have good strategies and layouts. Thanks

You are well along your way to becoming a far better Clash of Clans player, but before we launch into the bulk of this book, let's first take a moment to go over exactly what it is that you will be getting within this book: A defensive guide for beginners, with tips and detailed explanations for each technique A breakdown of the defenses structures including how they work and where you should place each of them in your base Tough base designs to meet your needs whether you are forming, trophy pushing, or in a Clan War Specific defensive strategies that can make your base much harder to defeat Hundreds of defensive tips, tricks, and techniques placed throughout the book, to provide you with all of the information that is necessary Links to many online resources to provide you with even more information And FAR more! This book was written by Aaron Williams, a Clash of Clans player who has been around since shortly after its release. Furthermore, It has also been analyzed by other Clash of Clans experts with years of experience who all have unique perspectives about the game. See you inside!
