Collecting Disneyana is exactly the book its title suggests a book all about the fun of collecting objects related to Walt Disney characters and movies. The book presents extensive examples of very early Disneyana in a chapter titled The

Golden Years specializing in Disney's fab five: early Mickey Mouse, Minnie Mouse, Donald Duck, Goofy, and Pluto. Later chapters include The Feature Films, highlighting collectibles from Bambi, Pinocchio, Snow White and the Seven Dwarfs, Dumbo, and a host of other Disney films; and The Television Years highlights collectibles from the 1950s and 1960s including The Mickey Mouse Club and Disney's Wonderful World of Color. Finally, the book brings collectors right up to date with an informative chapter on Recent and Future Collectibles which showcases collectibles from Winnie the Pooh to Beauty and the Beast and also highlights the current Disneyana craze of pin collecting. Advanced collectors of Disneyana will appreciate some never before published photos of extremely rare Disneyana, and newer collectors will be excited about the substantial collecting tips offered. This impressive volume contains over 900 photos with reliable values and is an absolute must for any fan of Disney collecting! 2008 values.

Most collectors prefer those items related to what they call the "Fab Five" - Mickey and Minnie Mouse, Donald Duck, Pluto and Goofy. Mickey and Minnie are about to turn 80 and the other three aren't far behind. There have been a lot of items produced featuring them over those years. These "Fab Five" are responsible for making Disney marketing the Successful business enterprise that it has been for seven decades now.
