By Miss Nani For the holidays, I got this one for a 12 year old Marvel fangirl. When she unwrapped this, her eyes went huge! Followed by "Awwww, they're so cute!" The characters are drawn sooooo adorable, and from what I saw, all the costumes looked appropriate (not overly sexy). Love this so much, I might get one for me :-)

review helpful. Best coloring book I bought so farBy RayJB
Best coloring book I bought so far. The reason why I say this is because there are a lot of open big sheets to color. Most of these adult coloring books are too detailed to actually color. Also, there are a lot of artwork pages in very little if none filler pages. Love this artist great job!

Grab your pencils, crayons and pens and go to town on Eisner Award-winning Skottie Young's ever-adorable art! Loads of Young's "Little Marvel" covers, together with unfeasibly cute pages featuring Rocket Raccoon, kiddified Avengers and plenty more, have been stripped down and rendered in crisp black-and-white - ready for your imagination to take over! Chaos or order, it's up to you! You want an orange and purple Spidey? You got it! You're turning Black Bolt pink? Fine! You like your Hulks green and red, only both at the same time? Polka-dot yourself out! But swapping Cap's red, white and blues for yellow, indigo and ceruleans? Why, that's downright un-American! Rediscover the pure, unadulterated joy of coloring - Marvel-style!
