For years the Jumble has been the first thing I do every morning after I bring in the morning paper. It's an addiction. As soon as I finish the Jumble, I begin my wait for the next day's paper. With this collection (and others I've purchased) I can feed my Jumble fix all day. The first 450 puzzles are just like the daily Monday-Saturday puzzles: two 5-letter words and two 6-letter words, followed by a "punny" solution. The final 61 puzzles--the "challenger puzzles"-- consist of six 6-letter words each. Some reviewers complain about the large page format, but I find it a plus. With only one puzzle per page, it gives me plenty of blank space to work out some of the words. And truth to tell, it gives me the option of not having to put my glasses on to read it. In addition to enjoying

doing the Jumble, I also play a lot of Scrabble. Fortunately, the skills for one help sharpen the skills needed for the other. And at less than three cents a puzzle, it's a real bargain. Each page features a series of mixed-up words coupled with a cartoon clue, and one letter from each word is used to form the answer to the puzzle.
