Mike McArtor, F. Wesley Schneider : Complete Scoundrel: A Player's Guide to Trickery and Ingenuity (Dungeons Dragons d20 3.5 Fantasy Roleplaying) before purchasing it in order to gage whether or not it would be worth my time, and all praised Complete Scoundrel: A Player's Guide to Trickery and Ingenuity (Dungeons Dragons d20 3.5 Fantasy Roleplaying):

0 of 0 people found the following review helpful. Fast shipping, great condition, helpful contentBy Crystal ChurchillItem arrived way earlier than expected and was in excellent condition! I expected slightly more wear and tear

from a used book, but other than the cover being a bit dull with age, it was flawless. The content is exactly what I needed to enhance my rogue character and has given me ideas for other builds. It's important to remember that this book is for "scoundrels", which can be any class, not just rogues and bards. It's more about a style of play than anything else. So if you're looking to make a slightly devious character or an outright villain, this is a great book to have on-hand. 0 of 0 people found the following review helpful. This is a great expansion to any 3By MelissaThis book cracked me up. Complete Scoundrel was bound upside down and backwards. So when you open up the front cover you're looking at the last page, upside down. I found it to be an appropriate accident for this book. This is a great expansion to any 3.5 campaign. 0 of 0 people found the following review helpful. Worth adding to your collection By Shamus Williams The prestige classes are an excellent addition to any game and expanding the feat list is always good. The only thing that seems a bit off here is the skill tricks, which are open to some abuse, though not overmuch. Adding a new mechanic to the game is always going to have the potential to unbalance it, and the skill tricks do...but not my much. If you took them away, the content would be balanced and perfectly usable in any campaign.

What's Included? (1) Complete Scoundrel: A Player's Guide to Trickery and Ingenuity sourcebook for Dungeons and Dragons with bonus map Specs: Title: Complete Scoundrel: A Player's Guide to Trickery and Ingenuity Published By: Wizards of the Coast Type: Dungeons Dragons supplement Edition/Version: 3.5 Circa Year: 2006 Overall Condition: 8 out of 10 - While we feel confident in our grading, we do not make any guarantees about the official grading potential for this or any item. - Slightly blunted corners - General wear on the covers - The pages are in tact and free of markings, "dog-ears", or other damages/blemishes.
