**Donna Krasnow, Jordana Deveau : Conditioning with Imagery for Dancers** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Conditioning with Imagery for Dancers:

AMAZINGLY USEFULBy Suzanne MacNevinThis is an amazingly useful book, not just for dancers, but also for people who enjoy yoga and other kinds of physical activities which puts their body under a lot of stress.As a bio-chemist I do know a fair bit about the inner workings of the human body, and while I am not a specialist in the kinetics involved, I will say that this book was exceptionally well-written, informative and a joy to read.:)
