Honestly, I have not read this book, but I heard when he recounted some jokes to his friends. And by this I conclude that he is very pleased with this book :)1 of 1

Many of the jokes made me smile, and some gave me a good laugh. If you just want something fun and light, then this is a great book to have available on your kindle. I was enjoying the jokes in it, while going through its pages.Good thing to read and make you children laughing. Purchased it!0 of 0 people found the following review helpful. For a joke book, it lacks actual jokesBy woolyshamblersI wanted so badly to like this book. My 8 year old didn't get the jokes because of some references to other things (like Pitbull...really??), and I didn't think they were funny. I made the same face as Steve is making on the cover as I read through a few pages of jokes.
