6 of 6 people found the following review helpful. 4 Star-game.By Thomas Paolini Good book if you are looking for Minecraft mods. I would suggest the additive of a section involving how to safely install such mods. Worth buying if you want a quick easy read. So many people who write reviews are so ungrateful, so I try to write reviews on good parts as well as bad.4 of 4 people found the following review helpful. Came on time and as expectedBy Suzin Blankenshipcame as expected, son spent time looking at Mods (what ever that is =]). Not a very thick book but my minecraft fan son loved it2 of 2 people found the following review helpful. Just a list of mods that you have to

download...By K. martinI got this for my son who is obsessed with Minecraft. Basically this is a book full of descriptions of mods that you can download. He enjoyed reading it, but really, he can't download any of the mods due to his computer's OS.
