Crafty Woods : Minecraft: An Unofficial Guide to Minecraft Secrets before purchasing it in order to gage whether or not it would be worth my time, and all praised Minecraft: An Unofficial Guide to Minecraft Secrets:

Master Minecraft Combat Today! Minecraft is an amazing game that allows your creativity to thrive, and between the sprawling environments and the cute mobs, you'll probably be pulled deep into the game within minutes of getting

started. But there is one small catch - it's very difficult to have fun if you're constantly being defeated by mobs or other players, or worse yet, if you're too scared to venture into fun, yet scary places like underground dungeons or the Nether. If this sounds like you, don't worry, because this Minecraft guide will help you with all of this and more. Inside of this Minecraft combat handbook, you'll learn tons of Minecraft secrets that will help you in all of these areas: How to use armor to minimize damage with enchantments Tips about the weaknesses of monsters, and hacks to easily kill them Secrets about how to kill the Ender Dragon and other deadly monsters TONS of detailed pictures! After reading this, you'll have all of the Minecraft tips you'll need to become an expert warrior. See you inside!
