before purchasing it in order to gauge whether or not it would be worth my time, and all praised *Minecraft Combat Handbook: How to Destroy Your Enemies and Win Every Battle in Minecraft (An Unofficial Minecraft Combat Handbook)* (minecraft combat handbook, minecraft pocket edition, minecraft):

0 of 0 people found the following review helpful. Not extremely good.
By ZukiniSlayer23 Well I liked it, but I thought that they could do better than that and not do the basics, I am not saying that it is bad but I do like the book other than that. It had a deep description of how you can battle. But it doesn't catch all of my attention, that's why I rated it four stars.
0 of 0 people found the following review helpful. Highly recommended
By Terence Martin This book is extraordinary, very detailed and precise, full of information. I am looking forward to read more from this author. He absolutely knows about the topic.
0 of 0 people found the following review helpful. Nearly as good as the kids now!
By Richard My kids play Minecraft all the time. I have never really understood the game and thought I would get this book to get an understanding on what their excitement is all about. Now I not only understand what the game is all about, I know how to play it very well (but not as good as the kids, yet). I enjoyed reading this book as it is well constructed and explains to someone like me what the basics are then builds from there.
