By Lakietcha I bought this book because my niece is addicted to this game. I wanted to tell her a story based on this game and to my luck this book is really entertaining. From the start of the journey up to the end my niece is all eyes and ears on me. haha!

By Dave Great book. It is just what i was looking for. My nephew always asks me to play minecraft with him but I had no clue of what this game was. This book informed me very well of many things. I now understand the game much better. Last time I played with him, I told him we should go to the ether, and he was shocked that I knew about it.

By ; ) This should be a series. The story, though, was quick. There wasn't even a huge zombie like there was on the cover.
