Five StarsBy Ronafish79My son loves it, I got it for his birthday, he already is building things from the book3 of 4 people found the following review helpful. DisappointingBy BarryRBarberMy 11-year-old daughter was really excited when she unwrapped this Christmas present and saw the cover, but that was the high point. The information inside is really basic and so simple and elementary that most of the 70 topics (many covered in only a few sentences) that we spent more time finding good examples to laugh at sarcastically. "Idea #62-Wooden French Empire Chandelier To get an idea what this chandelier looks like, look for pictures of the White House, specifically the Red Room." The few images in the book are small, grainy, black and white screenshots. I appreciate the fact that the author wrote a book, but it seems hastily put together in order to cash in on Minecraft.1 of 1 people found the following review helpful. Boys are happyBy Mom of ThreeThe book is a little thin but overall some great ideas for minecraft building. My boys are happy, so I am happy.
