Joseph Joyner : Minecraft Iron Golem: The Ultimate Guide to Minecraft Iron Golems before purchasing it in order to gage whether or not it would be worth my time, and all praised Minecraft Iron Golem: The Ultimate Guide to Minecraft Iron Golems:

The Iron Golem is a Minecraft mob that tends to spawn in villages to protect villagers from zombies and other hazards. This mob can either be found in villages naturally or made by the player. There has to be ten villagers and twenty-one houses for one Iron Golem to spawn. If the player made a village there is a one in seven thousand per tick chance (which is one every six minutes) of one spawning.
