I have been playing Minecraft since last December and yes I got hook with it just in a snap. At first, I find the game very hard and I really don't know what to do or how to play it but when I read some books about Minecraft and my friend taught me as well how to play like a pro, I can't stop playing. It also helps me to fall asleep. The trick given here are really great and amazing. Aside from making potions, you can also make some traps with TNT that will easily beat your opponents. A lot of different traps are given that even my friend who taught me to play Minecraft didn't know some of the tricks. This is so fun because it has pictures on every tricks for you to be able to understand what to do. Indeed, this is not just for kids but also for adults who still feel young at heart. Good read and I am lucky I got this book.1 of 1 people found the following review helpful. Try the different mods right at your fingertips!By Katherine WestleyMy daughter and my nephew are a big fan of Minecraft. They were very excited when I showed them this book. It helped them find the perfect mod that will help them enhance their gaming experience. You will also learn how to download different mods and what they do. This book was a big help to them. The book contains pictures which made it more easier for kids to follow. The links provided made it handy because you can click on it and you can easily download it from there. This book will let you experience a different level of gaming

experience! Highly recommended for Minecraft lovers! 1 of 1 people found the following review helpful. and people are still trying to figure out how best to use them

By John Snowy

Tripwires are a new mechanic released in Minecraft 1.3, and people are still trying to figure out how best to use them. This book tells you how to build a sneaky trap on minecraft that is camouflaged completely and actually works. You will need a decent amount of signs, depending on how big you want your trap. The author have created and tested various traps which you can find below, the images and descriptions should provide you with enough information on how to rebuild the traps. All in all, if you're a Minecraft fan and you love traps, this book is just for you.

Make 55 incredible traps that will let you trick every kind of mob and player. From basic traps to more complicated ones, you'll find a way to trick them, protect your treasures, and even send them running into a trap due to their own curiosity. Traps don't have to be time consuming, and with these clear and concise instructions, you'll find that making traps is fun and easy. Here is a preview of what you'll learn....
