Essential, Combat Construction Handbook: Revealed, 47 Answers to Minecraft Little Known Secrets:

2 of 2 people found the following review helpful. Great addition to our Minecraft library
By Carol Lindsay I bought this for my son, who is a Minecraft fan. He was absolutely excited to get this book. The Minecraft Combat and Construction Handbook is a guidebook for Minecraft game. It contains useful descriptions of game items and characters, as well as guides for surviving and fighting. This is all very handy information for any new Minecraft player. The book also has a lot of tips and tricks for the advanced players. My son especially liked chapter about Minecraft Little Known Secrets. This book is a great addition to our Minecraft library, and very useful one.
2 of 2 people found the following review helpful. Awsome Book for game lovers!
By John Beck My son is a "builder" and thought he might be interested in this game, so I bought the book. Looks great with many tips on how to "survive" in hostile environments, what and who to avoid, and how to defeat specific characters, including an ominous dragon. One cool thing about the book itself, is that creates interest in the game. The "47 answers" section is packed with info, which I know my son loves finding out about games. Will loan this book out to a friend who has a son who loves Minecraft.
0 of 0 people found the following review helpful. Okay
By Scott L. Frederick It was ok- Thought it should have a little more detail. I'd recommend it to people who already have some background knowledge of Minecraft.
