A terrific resource for the Lego minifig fanBy Jerry SapersteinMy grandson got me interested in Lego minifigs and creating stop-animation videos with them. This is the go-to book for anything and everything involving customizing minifigs, creating accessories and so on. Well written and profusely illustrated with clear, large illustrations, this is not only a how-to book, but an inspiring one as well. At the low price, it is an invaluable resource. My grandson just heisted my copy, so I'm ordering another one today.Jerry0 of 0 people found the following review helpful. gives easy ideas as well as some tough onesBy legoloverworks well,, gives easy ideas as well as some tough ones,, so make sure you have the time0 of 0 people found the following review helpful. Looking to up your Minifigure game?By MonkeybrewExplores various aspects of creating your own LEGO Minifigures, from LEGO design principles to various ways one can go about modifying minifig's to create what LEGO

has not provided. Lots of references websites for stickers, printing, etc. To my knowledge one of the few, if not the only, books on the subject .

Minifigure Customization: Populate Your World! shows you the wide range of techniques you can use to alter the lovable LEGO Minifigure into any character you can imagine! BrickJournal magazine columnist and author Jared K. Burks has created thousands of custom minifigs over the last 13 years, and this full-color book assembles his knowledge into a series of step-by-step tutorials on decal design and application, color alteration, custom part modification and creation, plus tips on minifigure displays and digital photography to capture your custom figures in the best light all the way through complete custom figure creation! Essential tools are identified, plus there's a tips and tricks section, and a gallery of some of the best custom figures ever created! Don't live inside the box - populate your world with any alien, superhero, historical, action, horror, or science-fiction figure you can just imagine!
