I opened it to find a dark-haired, short-of-stature, beautiful stranger before me. He said he was sent to my by an elderly gentleman with a long beard in a big pointy hat. Only he had lost his way, twice. But he had finally found my humble abode, and was now here to challenge me to a game of Wizard's Chess. I told him that, unfortunatly, I was unfamiliar with the game. He said it was just a small matter and produced this Monopoly the Hobbit trilogy edition and asked if I would play. I invited him in right away as I love the game and his brooding stare was making me woozy and I needed someone to catch me in case I fainted. The box was factory sealed so I knew that the game would be in perfect condition. All of the pieces were included, not a single coin had to be parted with. The playing pieces were exquisite, and this handsome stranger offered me the most coveted of all pieces, the Key to Erebor itself! We had such a lovely time playing this game for hours on end, and surprisingly enough, our relationship remains intact to this day, amidst the rumor that this particular game of Monopoly has toppled even the strongest of Kings and Queens!2 of 2 people found the following review helpful. Monopoly - love them. We are a lover of MonopoliesBy Sharon J ThompsonHobbit, Monopoly - love them. We are a lover of Monopolies, but picky in our choosing, as there are off brand versions, plus it depends on how they carry out the theme. This is a good one and if you are a Hobbit fan you will definitely enjoy it. This was a great choice

to add to our selection.3 of 3 people found the following review helpful. Fun, but has a few flawsBy Kevin, Kelly the BoysNice concept. The Monopoly money is VERY cheap, almost to the point of being annoying. We had to swap it out for money from an older Monopoly set.
