Typically, when I get bad board following the teachings of Bergen, the contract was make able IF the Declarer play is as good as what Marty or an accomplished player would do. The More Declarer playbook has several contracts using different tactics as Marty's First Declarer Play book. The book is written with humor, typical of Bergen's style and very thought provoking and logical. It gives the reader a chance to figure it our yourself BEFORE Marty analyses the hand methodically step by step and then formulate his plan.I own and have other Declarer Plays books written by Eddie Kantar and another one more of recent vintage. I still likes Marty Bergen's the best.0 of 0 people found the following review helpful. Marty writes in an easily understandable mannerBy Alvin SpaetMarty writes in an easily understandable manner. I especially like when he repeat a hand after you have turned the page, so you are not flipping back and forth to follow his train of thought
