**Daniel Negreanu : More Hold'em Wisdom for all Players** before purchasing it in order to gauge whether or not it would be worth my time, and all praised More Hold'em Wisdom for all Players:

4 of 4 people found the following review helpful. Good tips book, not truly for Advanced/Pro players By Eric Zelisko Very good 'general missed basic tips' book to read. It doesn't really go into any super specifics, although I am very partial to Daniel Negreanu's writing. He points out some normal holes in a player's play style, which is very nice

and refreshing. I like how he has his book written in the aspect that I never really get bored/irritated in reading it. It's very good in reference to keeping someone entranced in reading the book. I like the fact that it skims over common mistakes and ways to play. I like the fact that it's more so 'meat and potatoes' in a quick version than a very lengthy book that you have to read, at times, over and over again. I would HIGHLY recommend this to players that are just beginning or are trying to take that next step up in limits in reference to tournaments. Good buy unless you are already playing higher limits. Overall, I would recommend this book to players who want to help elevate their game. Very 'spread' kind of read. 2 of 2 people found the following review helpful. Worth the money, good tips! By B.G. Miller  
Good helpful tips, like the format of very short to the point chapters. Each chapter is only 2 or 3 pages so it's a good bathroom reader. Very good for the intermediate player. I probably would not recommend it for a beginner. 1 of 1 people found the following review helpful. He has a lot of respect for Daniel Negreanu and really feels he is getting great poker tips from his book  
By Charmayne D. Tubig  
Bought as a present for my husband, who loves the book! He has a lot of respect for Daniel Negreanu and really feels he is getting great poker tips from his book. Service was great, quick and well packaged. Thanks!

For beginning and novice players who want to play and win at Texas hold'em "right now" and enjoy instant success at the table -- 95% of the poker-playing market -- this is the perfect antidote. Fifty easy-to-read and right-to-the-point hold'em strategy nuggets by the immensely popular Daniel Negreanu immediately make readers better players at cash games and tournaments. Daniel's wit and wisdom make for great reading; even better, it makes for killer winning advice.

About the Author Daniel Negreanu is the most popular and greatest young poker player in the world. He is a two-time World Poker Tour champion, winner of four bracelets at the World Series of Poker, and a contributor to Super System 2. Since 1997, he has won more major tournaments than any other player in the world. He is currently the second all-time leading money winner on the World Poker Tour Circuit. In 2004, Negreanu finished in the money in five World Series events, and won the Player of the Year award.
