**Susie Isaacs : MsPoker: I'm Not Bluffing, Book 1** before purchasing it in order to gage whether or not it would be worth my time, and all praised MsPoker: I'm Not Bluffing, Book 1:

MsPoker: I'm Not Bluffing, Book One consists of true tales from the green felt (the poker table). I have been writing human interest stories and articles about poker and poker players since 1988. This book is a menagerie of my story --

how I got from the Bible Belt to Sin City and from being a conservative wife and mother to becoming a professional poker player. There are lots of other good stories that are centered around or in the poker world, before and after the poker boom. It is fun, funny, heart warming and heart breaking. It is a great read for any poker player or for anyone who loves a poker player. It is not a poker how to book; it is an entertaining and insightful look into the poker world and the lives of poker players.
