David Oakley : Multi-Landy: The Killer Defense Versus One Notrump before purchasing it in order to gage whether or not it would be worth my time, and all praised Multi-Landy: The Killer Defense Versus One Notrump:

0 of 1 people found the following review helpful. Multi-Landy indeed a killer defenseBy Fred ParkerI purchased this book to improve my defense against 1NT. I am an advanced player and tried other conventions but nothing satisfied all situations. Multi-Landy was a pleasant surprise. This convention has all the advantages and none of the

disadvantages of the other systems that are out there. The book states that this convention is not new, but my experience is that it is not well known. The greatest advantage is that it applies against both strong and weak No Trump openings. I liked the fact that the author used computer analysis rather than just opinions to justify his approach. The examples are well documented and very useful not only to understand the system, but also to cover competitive bids. An excellent convention and a well written book.

2 of 2 people found the following review helpful. It is amazing how often an advanced guess is the right thing to do. By John N. Oest I expected a little more from this book than I got. Well there are many example hands quite a few are double dummy. It is amazing how often an advanced guess is the right thing to do. A further problem arises when the author suggests that the double can retain its meaning against a weak no Trump. You never explains how an advanced guess knows when to set and when to run

When the opponents open one notrump, you are faced with a dilemma. Versus a strong notrump, the opponents have the power; versus a weak notrump, they force you or your partner to compete at the two-level. Multi-Landy (aka Woolsey) comprises four components: - Multi. 2D shows a 6-card or longer major. - Landy. 2C shows both majors. - Cappelletti. 2H or 2S shows a 5-card major and a 4-card minor. - Woolsey Double. Shows either a 6-card minor or a 5-card minor with a 4-card major or a strong hand. Multi-Landy is a unified convention that has three key advantages: - The same set of bids and the Woolsey double are used against all opening one notrump HCP ranges. - The four components of Multi-Landy allow all hand types to be shown: a long major, majors, major-minor 2-suiters with defined length, a long minor and strong hands. - Advanced has a set of structured responses defined for all types of auction. The tactics in this book evolved from analysis of thousands of computer-generated deals to determine the statistics of successful overcalls. Using these recommendations, you can effectively compete for part-scores, bid your games and occasionally slams. DAVID OAKLEY is a retired electronics engineer, who learned to play bridge as a teenager in England. He and his wife, Pauline, immigrated to the USA in 1966, eventually settling in Southern California. He has played Multi-Landy with several partners since 1998.
