Savielly Tartakower : My Best Games of Chess 1905-1954, 21st Century Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised My Best Games of Chess 1905-1954, 21st Century Edition:

1 of 8 people found the following review helpful. Five StarsBy senyudoAwesome.A must. Both the book and the Kindle versin.2 of 3 people found the following review helpful. Chess with the Old Masters.By Stephen W. GordonJust love the games of the old masters. Tartakower's games do not disappoint. they are just a lot of fun to go

over. If you don't obsess over the openings not being the latest and greatest you will enjoy these games. 2 of 4 people found the following review helpful. They are different from other players' best games. It is recommended for reference. By Handrian Peiter As I expected, the book contains many unusual move and opening. Creativity sparks in the games. They are different from other players' best games. It is recommended for reference.

The Unique Genius of Tartakower! One of the most creative grandmasters ever to play the Royal Game was Savielly Tartakower. His combination of bold play and fascinating writing has long endeared him to chess aficionados worldwide. His classic work of best games has never been available in English algebraic notation. Until now. Tartakower's annotations are unlike any other master of his time. He repeatedly stressed the psychological nature of chess, for example. Another Tartakowerism is: An attack is against a castled position, weak pawns and, most of all, against the mind of the opponent. What he reserves for a footnote, like what conditions are present to make a game a work of art, other authors would need pages to articulate, if they addressed the matters at all. This book was meant to do what all great annotations do: instruct, explain, and entertain. And it succeeds spectacularly. Andy Soltis in his Foreword Experience the unique genius of Savielly Tartakower in this 21st Century Edition of his games collection 201 games, 49 game fragments, all deeply annotated and quintessentially Tartakower!

About the Author Born in Rostov-on-Don in Czarist Russia, Savielly Tartakower became one of the great chessplayers of his era. He played exciting, non-theoretical, bold chess in a time when conservative theoretical dogma held sway. One of the early proponents of the Hypermodern School of Chess, he also is recognized as one of the great chess authors of all time.
