Ron Berry : My First Words Sticker Book (Bilingual Builders) before purchasing it in order to gauge whether or not it would be worth my time, and all praised My First Words Sticker Book (Bilingual Builders):

Intended for children aged 3-6 years, this is a new fun-to-play bilingual learning game that assists children with object and word recognition. Each page features 8 common nouns (both English and Spanish) and their corresponding objects. Children simply match the colourful Amazing Stick-ums to the picture and words found on the page.
