From Bruno Gmuender : Naked Ibiza before purchasing it in order to gage whether or not it would be worth my time, and all praised Naked Ibiza:

2 of 2 people found the following review helpful. EXTRAORDINARY IBIZABy MB SilverOne can see why Dylan Rosser who took these amazing photos of these gorgeous men decided to relocate to Ibiza from London. What a great locale to photograph these guys. The beauty of their bodies and the backdrop of such a magnificent area of the world. It is Art meets sexuality and sensuality for sure. Another winner from publisher Bruno Gmuender. Grab this book up fast, I have a strong feeling it will be OOP very soon! Loved both the bw photos and ones in color! A masterpiece!!0 of 0 people found the following review helpful. Five StarsBy William J. LewisGreat photography, fantastic addition to Dylan's work0 of 0 people found the following review helpful. Best of Rosser!By Bart M.Best of Rosser's work. He has certainly captured his most best photos of the male nude in Naked Ibiza.

Through the crowdfunding platform Kickstarter, Dylan Rosser's fans brought *Naked Ibiza* to life. It is his biggest book yet. Rosser started work on *Naked Ibiza* four exciting years ago. After visiting Ibiza regularly since 2000, he decided to leave London for it, with the intention of photographing models outdoors in nature, something that was new to him after primarily indoor studio work. I wanted to work with more models in different locations at different times of the year to provide a more vivid picture of this Mediterranean island paradise, he puts it. I am very proud of the mix of models who have been part of this project, Rosser says. Some are experienced guys with huge fan bases while others are brand new, but definitely on their way to big success. You will see muscled professional body builders and lean athletic guys. Not every image is a nude, as there are some beautiful portraits of which I am proud.

About the AuthorOriginally from South Africa, Dylan Rosser started his career as a graphic designer in Cape Town working for various lifestyle magazines. A move to London in 1998 and regular visits to Ibiza beginning in 2000 marked the expansion of his focus to include photographic work, with his design background still very evident.
