before purchasing it in order to gauge whether or not it would be worth my time, and all praised New Super Mario Bros (Wii): Prima Official Game Guide (Prima Official Game Guides):

A MUST HAVE for Super Mario Fans!By LysanMy son and I have 2 of the Wii Super Mario games, 1 for one his place, 1 for mine, and we've playing it ever since it came out. We've finished the game a couple of times but every time we continue or start over there are new tricks and secret areas we missed before. This where the guide comes in and just for finding all the coins, we couldn't have done it without it! We've been lugging the guide back and forth (it's getting kind of worn lol) but sometimes, we forget to take it. So we figured it's time to buy a second one and as the price on couldn't be beat, we went for it. Received it today, brandnew. Fast shipping, free s/h. All a big plus!0 of 0 people found the following review helpful. New Super Mario Bros game guide very helpfulBy Marilyn BuxtonI just recently received the book and haven't had the opportunity to go through it all. It appears as I expected and know it will be quite helpful in understanding the Mario challenges. I especially like the visuals. My granddaughter was with me when it arrived, has already used it and "translated" her knowledge to my benefit. I am pleased.0 of 0 people found the following review helpful. Game time!By J. JenkinsA used book, but I like it don't feel so lost in the worlds. Its not real detailed, but good enough to get around. Maybe because mine is a used book, there are no maps or guidelines for toad houses, so you don't get the bad guys.
