**From Random House Puzzles Games : New York Times Sunday Crossword Omnibus, Volume 5 (NY Times)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised New York Times Sunday Crossword Omnibus, Volume 5 (NY Times):

2 of 2 people found the following review helpful. Most EnjoyableBy E. PuglisiThis collection has what it takes to keep me happy. The book itself is a well made soft-bound type where the pages don't come out, but I don't have much trouble with them. I just fold the thing over and work on either side. You can use either pencil or pen, but pencil can get blurry... The puzzles are long enough to occupy my mind for a few hours each. The clues are mostly solveable with a fair amount of thinking and puzzling. I have to peek sometimes. I like this kind of action over a set that either has me in the back half the time or I'm never in the back and can get the puzzle done in under an hour. The time

frame's pretty current, so you have to know your current history along with the stuff from the last decade, which is good, in my book- tripped me up a few times already.. All-in-all, I'd say it's standard fare for this particular line. If you've never tried these puzzles, give them a whirl. They give good value for your money. If you do them in pencil, they erase well, so you can replay the book a few times before it wears out. When I started this type of puzzle, I needed a dictionary a lot, but rarely do now, having learned how to constructively solve and get the maximum type of enjoyment these books offer.0 of 0 people found the following review helpful. Four StarsBy Richard T Springerarrived in a timely manner and was as described0 of 0 people found the following review helpful. Five StarsBy Jeffrey L. SmithMaleska is the master!
