Elie Wiesel : Night before purchasing it in order to gage whether or not it would be worth my time, and all praised Night:

3 of 3 people found the following review helpful. So powerful! So Moving!By RtisticMeI loved this book, though I was horrified by what I was reading. Elie Wiesel suffered great loss and tragedy and saw such atrocities! And he brought me along with him. To read his perspective of what was happening around him at such a young age was gut wrenching. If you are interested in the Holocaust, it is a must read. I just happened to read it before visiting the Holocaust Museum in DC. It made all of the difference to me. I could hear Mr. Wiesel's words. I could smell the smells and hear the sounds, yet not a word was spoken in the museum. I would recommend this to anyone and everyone. Both of my children have to read it for school and I am thrilled that they will learn from a first hand account.0 of 0 people found the following review helpful. A MUST READ HAUNTING NARRATIVE (m-u-s-t r-e-a-d)By Joel L. GandelmanI originally held off reading this, figuring it was a long book, with lots of analysis or flowery. I should have researched this better. This is a haunting, not fun to read, straightforward account of what it was like to see your life consumed by the Nazis in Nazi Germany, the utter brutality, sense of hopelessness and, in the end, salvation dampened by seeing so many people and loved ones horribly killed. This is a straightforward narrative, that also lets you FEEL what Wiesel felt and thought. One of the most IMPORTANT books anyone can read, because the world doesn't really seem to have entirely understood the meaning of the slogan "Never Again."0 of 0 people found the following review helpful. Lest we forgetBy BarbaraIt is hard to rate or review like "Night". The written descriptions are so vivid and tragic, you wish no one ever had to go through something so horrific. This should be a must read for all humans, to allow us to better empathize with one another on a human level, no matter race, religion or creed.

Night -- A terrifying account of the Nazi death camp horror that turns a young Jewish boy into an agonized witness to the death of his family...the death of his innocence...and the death of his God. Penetrating and powerful, as personal as The Diary Of Anne Frank, Night awakens the shocking memory of evil at its absolute and carries with it the unforgettable message that this horror must never be allowed to happen again.

.com In Nobel laureate Elie Wiesel's memoir Night, a scholarly, pious teenager is wracked with guilt at having survived the horror of the Holocaust and the genocidal campaign that consumed his family. His memories of the nightmare world of the death camps present him with an intolerable question: how can the God he once so fervently believed in have allowed these monstrous events to occur? There are no easy answers in this harrowing book, which probes life's essential riddles with the lucid anguish only great literature achieves. It marks the crucial first step in Wiesel's lifelong project to bear witness for those who died. "To the best of my knowledge no one has left behind him so moving a record." -- Alfred Kazin "Wiesel has taken his own anguish and imaginatively metamorphosed it into art." -- Curt Leviant, Saturday Language Notes Text: English (translation) Original Language: Yiddish
