KasparovBy dimisThe book arrived on time and in excellent condition! I am more than satisfied. Thanks! 3 of 6 people found the following review helpful. 'Instant' repertoire against Nimzo Indian? By Lethal Review With an interesting subtitle like '...as popularized by Garry Kasparov', one would expect a solid repertoire or a serious resource from this book. Unfortunately, that's not the case. The variation in the discussion is 1.d4 Nf6 2.c4 e6 3.Nc3 Bb4 4.Nf3 b6 5.Bg5, where the critical continuation is 5...h6 6.Bh4 g5. So far the current theory judges that black has a good chance to equalize from this position. Note that: this book does not change this assessment. However, the author insists that there are several interesting ways to complicate the positions. My opinion from these variations, none of them would deliver a serious theoretical debate on Nimzo Indian. They may be practical for playing in club tournaments, especially if your opponent is familiar with your normal response against Nimzo-Indian, 1 of 8 people found the following review helpful. With detailed and technical examples By Midwest Book Review Nimzo-Indian Kasparov Variation by chess grandmaster and former British Champion Chris Ward is an advanced guide designed for experienced chess players. Nimzo-Indian Kasparov Variation presents diverse ambitious ways in which to contest the Nimzo-Indian defense, based upon the strategies the legendary Garry Kasparov used in his World Championship games against Anatoly Karpov. With its detailed and technical examples, enhanced with tactics scrutinized for both sides, Nimzo-Indian Kasparov Variation is a superb addition to serious chess player reading lists and reference shelves.

The Nimzo-Indian Defence is certainly one of Black's most respectable ways of meeting 1 d4; it's popular at all levels of chess and White players have been banging their heads against brick walls in trying to find an advantageous line. What can White do to throw his opponent off balance at an early stage? The answer is contained in this book! Grandmaster and renowned openings expert Chris Ward studies an ambitious and uncompromising way of battling against the Nimzo, one which the world number one Garry Kasparov first brought into the limelight in his legendary World Championship clashes with Anatoly Karpov. Kasparov's continued success with this line prompted many experts to call it the "Kasparov Variation". By studying this book, white players can arm themselves with a new dangerous system against the Nimzo, while Black players can look carefully for antidotes! * All main lines are covered * Written by a renowned Nimzo-Indian expert * Strategies and tactics examined for both sides

From the Back Cover The Nimzo-Indian is one of the great headaches for queen pawn players. This rock solid defense is popular at all levels and enthusiasts of 1 d4 have struggled long and hard to find an advantageous line against it. How can White throw a solid Nimzo player off their stride at an early stage? One highly promising try is the Kasparov Variation! Grandmaster and renowned openings expert Chris Ward studies an ambitious and uncompromising way of battling against the Nimzo, one which the world number one Garry Kasparov first brought into the limelight in his legendary World Championship clashes with Anatoly Karpov. Kasparov's continued success with this line prompted many experts to call it the Kasparov Variation. By studying this book, white players can arm themselves with a new dangerous system against the Nimzo, while black players can look carefully for antidotes! All main lines are covered in this guide. It is written by a renowned Nimzo-Indian expert and includes examined strategies and tactics for both sides.
