I, however, would order something else like this as I do enjoy variation in working my puzzles and I work at least 30 or more every day. It just depends on my mood and if I have an interesting puzzle book. I do love my crossword puzzles.2 of 2 people found the following review helpful.

My grandma loved it. By Bryon R. This was a gift for my 90-year-old grandma. She enjoys puzzle books and she reported back that, "This is great." I will be getting others in the series for her next birthday.

This book contains fifty original puzzles guaranteed to please solvers at all skill levels. Each puzzle has a theme which spells out a quote or proverb which may either amuse or inspire. Sometimes you'll identify the theme and use it to complete the crossing words. Other times the theme won't reveal itself until you have finished the rest of the puzzle. There are plenty of misleading clues, double meanings, and trivia questions to keep you on your toes. But overall, a good general knowledge and an appreciation for wordplay are all that is required to enjoy the book.
