If bridge is your game, and you are serious about it, I highly recommend OCPBy Jennifer FOliver Clarke's Super Precision (OCP) is for hard core fanatics of the card game bridge.The simple version is probably WAY more complex than any bidding system you've ever learned. You will need volumes 1 and 2, a total of 600+ pages. It takes about two years of concerted effort to become proficient. If you

are a student of the game, and already a decent player, this system will help you RELIABLY find game and slam contracts much more often, as well as keep you out of slam contracts that just aren't there despite appearances to the contrary. Imagine holding 16+ hcp (a 1 Club opening), getting a positive response (8+ hcp) from partner of 1 Heart or 1 Spade. You can immediately bid 1NT to get a complete count on ALL Aces and Kings in a single step response. You immediately know how likely a slam contract is. Imagine for a slam investigation needing to know your partner's holding is a specific side suit, specifically length and number of top three honors. The asking bids in this system give you most of these. I play this system whenever I can. I have about a dozen friends at THE best online bridge site on the web, Bridge Base Online [...] If one of them is available I play with them - period! Learning this system has catapulted my entire game. With it comes a disciplined approach to the game that I did not have even after playing the game for 40+ years. 0 of 0 people found the following review helpful. Looking forward to next volume.

OCP is one of the best kept secrets in the bridge world. This hidden gem of a bidding system is written with the Beginner-Intermediate player in mind, but Advanced players will also want to give this versatile strong club system a serious look. Do not be put off by the length of this book or that it consists of a three volume set. It is not hard to pick up this system and the efforts at learning it will be well rewarded. It removes the grey areas of bidding, clarifies what is forcing or not, and most importantly, it's darn fun to play! OCP's biggest strength is bidding strong hands. It is also adept at finding razor-thin game contracts, but its real forte is in slam bidding. Your slam bidding record will skyrocket with the use of OCP. Confidently bidding and making slams with a mere 24-28 HCP will become common fodder for your partnership. Guaranteed you will get a buzz bidding slams with the OCP system. It is not unusual to be able to claim before dummy's hand hits the table with this system - knowing full well the exact placement of your partner's honors and also the exact distribution of your partner's hand. Give the OCP system a try, and if you become addicted you can proudly join the growing legion of OCP practitioners who have rejuvenated their game.
